

# ***Biliran Hymn***

*Oh land of our birth  
Oh beautiful island  
A haven, a paradise  
An Eden sublime  
Oh land of our birth  
Here lie our forefathers  
Their dreams divine  
For an independent  
Province of Biliran.  
(2x)*

*From caressing shorelines  
To rolling hillocks  
To verdant mountains high  
The azure skies above  
Tell us you're there peaceful, happy & free  
We are your sons and your daughters  
Oh beautiful Biliran  
With our hearts, our souls and hands  
For you to prosper all through the years.  
(2x)*

*Biliran, Biliran  
Oh land of our birth  
We love you, and vow ne'er to leave you  
This is our pledge, our promise  
Biliran, Biliran  
We love.*
